TRADING AGREEMENT AND
ORDER NO. 8249
MODIFICATION NO. 2

TRADING AGREEMENT AND ORDER MODIFICATION

In the matter of a Trading Agreement and Order between the Commissioner of Environmental Protection ("Commissioner") and Capitol District Energy Center Cogeneration Associates ("CDEC").

WHEREAS, the Commissioner and CDEC, having agreed to the terms and conditions set forth in Trading Agreement and Order No. 8249 issued on September 29, 2003, and a Modification thereto issued on April 11, 2005, do now, by mutual agreement, modify Trading Agreement and Order No. 8249 and supersede the earlier modification as follows:

1. Delete "El Paso Corporation" in paragraph A.1. and substitute therefor "Maxim Power Corporation".
2. Delete the date May 1, 2005, and substitute therefor May 1, 2009, in paragraphs A.4. and C.1.
3. Delete paragraph C.2. and substitute the following therefor:

DERC use. Starting on October 1, 2004, and until May 1, 2009, before the first day of each non-ozone season, CDEC shall have in its possession sufficient approved DERCs for the turbine based on the following:

- a. During the non-ozone season:
CDEC shall meet a non-ozone seasonal average emission limit of 0.15 lbs/MMBtu. Prior to October 1, 2006, October 1, 2007, and October 1, 2008, CDEC shall estimate and acquire the amount of DERCs or allowances required for such non-ozone season needed to comply with Section 22a-174-22(e)(3) of the Regulations as follows:

Estimated DERCs (tons) = [Estimated fuel use in MMBtu from October 1 through April 30 x (estimated seasonal average NOx emission rate in lbs/MMBtu during October 1 through April 30 - (0.95 x 0.15 lbs/MMBtu))] ÷ 2000 pounds/ton.

No later than May 31 of 2007, 2008, and 2009, when the turbine has a non-ozone seasonal average actual NOx emission rate exceeding 0.15 lbs/MMBtu, CDEC shall calculate and permanently retire the amount of DERCs used in the preceding non-ozone season as follows:

Actual DERCs (tons) = [Actual fuel use in MMBtu from October 1 through April 30 x (actual seasonal average NOx emission rate in lbs/MMBtu during October 1 through April 30 - (0.95 x 0.15 lbs/MMBtu))] ÷ 2000 pounds/ton.

- b. When the non-ozone season CEM-recorded NOx emission rate is used to calculate DERCs used by the turbine, CDEC shall include missing data calculated in accordance with missing data substitution procedures under 40 CFR Part 75.
- c. CDEC shall not exceed any NOx permit limitations for the turbine.

4. Delete paragraph C.6. and substitute the following therefor:

Allowance Use. Pursuant to Section 22a-174-22(d)(3) of the Regulations, CDEC may use NOx allowances, until May 1, 2009, for the turbine pursuant to Section 22a-174-22(j) of the Regulations to achieve all or a portion of the reductions required by Section 22a-174-22 of the Regulations. Any allowance used for compliance with Section 22a-174-22(e) of the Regulations shall be subject to all restrictions and/or requirements applicable to DERCs contained in this Trading Agreement and Order;

- a. In order for CDEC to use NOx allowances, CDEC shall create a general account or use an existing compliance account or overdraft account in EPA's NOx Allowance Tracking System ("NATS"); and
- b. Each allowance used for compliance with Section 22a-174-22 of the Regulations shall be equivalent to one discrete emission reduction credit. Allowances shall be considered used for compliance with Section 22a-174-22 of the Regulations when they are transferred from the facility's NOx general account in the NATS or the facility's NOx compliance account in the NATS

to the CT State NOx Retirement Account (Account ID CT0000000300 in the NATS).

5. Delete paragraph C.7. and substitute the following therefor:

DERC Shortfall. At a minimum, DERCs required shall be adjusted upwards by 100% if DERCs are not in CDEC's possession for use prior to the first day of each non-ozone season. However, nothing in this Trading Agreement and Order shall affect the Commissioner's authority to institute any proceeding or take any other action to require additional upward adjustment, based on the gravity of any alleged noncompliance or violation of law. CDEC shall permanently retire the quantity of DERCs equivalent to the excess emissions plus a 100% premium within (60) days of CDEC's discovery of the DERC shortfall. CDEC shall certify and report any such DERC retirement to the Commissioner in accordance with paragraph C.26. of the Trading Agreement and Order.

6. Delete paragraph C.9. and substitute the following therefor:

Extension. No later than May 1, 2009 with respect to the turbine, CDEC shall comply with the requirements of Section 22a-174-22(d)(2)(A) of the Regulations. There is no assurance that the Commissioner will grant a written extension of this Trading Agreement and Order.

7. Delete paragraph C.10. and substitute the following therefor:

Future Compliance Report. On or before September 1, 2008, CDEC shall submit a report in writing to the Commissioner, as directed in paragraph C.27. of this Trading Agreement and Order, indicating how the facility shall comply with Section 22a-174-22 of the Regulations with respect to the turbine on and after May 1, 2009.

8. Delete paragraph C.13. and substitute the following therefor:

Definitions. As used in this Trading Agreement and Order, "Approved DERCs" are those for which the Commissioner has provided written authorization for use in compliance with Section 22a-174-22 of the Regulations; "Commissioner" means the Commissioner or a representative of the Commissioner; "Non-ozone season" means the period from October 1 through April 30 in any given calendar year.

9. Delete paragraph C.14. and substitute the following therefor:

Dates. The date of "issuance" of this Trading Agreement and Order is the date the Trading Agreement and Order is deposited in the U.S. mail or personally delivered, whichever is earlier. The date of submission to the Commissioner of any document required by this Trading Agreement and Order shall be the date such document is received by the Commissioner. The date of any notice by the Commissioner under this Trading Agreement and Order, including but not limited to notice of approval or disapproval of any document or other action, shall be the date such notice is deposited in the U.S. mail or is personally delivered, whichever is earlier. Except as otherwise specified in this Trading Agreement and Order, the word "day" as used in this Trading Agreement and Order means calendar day. Any document or action which is required by this Trading Agreement and Order to be submitted or performed by a date which falls on a Saturday, Sunday or a Connecticut or federal holiday shall be submitted or performed by the next day which is not a Saturday, Sunday, or Connecticut or federal holiday.

10. Delete the word "individual" and substitute therefor the word "Section" in paragraph C.26.
11. Delete the name "Ms. Wendy Jacobs" from paragraph C.27.

All other terms and conditions of Trading Agreement and Order no. 8249 issued by the Commissioner acting under Chapter 446c, Sections 22a-6, 22a-171, 22a-174, 22a-176, and 22a-177 of the Connecticut General Statutes shall remain in effect.

CONFIDENTIAL: ENFORCEMENT STRATEGY

This document contains tentative conclusions and recommendations and does not create any defenses or rights, substantive or procedural.

To: Robert Girard, Assistant Director of Engineering and Enforcement

From: Michael LaFleur, APCE III

Subj: Proposed Trading Agreement and Order No. 8249A Mod 2

Date: 3/29/07

Source: Capitol District Energy Center Cogeneration Associates LLC

Nature of Problem or Violation: Trading Agreement and Order 8249 expires on May 1, 2007. The Order needs to be extended until May 1, 2009 as the facility is still using NOx Trading as a compliance option for the cogeneration turbine at 490 Capitol Avenue, Hartford.

Date of Discovery: NA

Action Proposed: Extend Order to May 1, 2009.

Justification for Proposed Action: Section 22a-174-22 of the Regulations of Connecticut State Agencies (RCSA) allows a source to use NOx DERCs for purposes of compliance with section 22a-174-22 of the RSCA.

Relief Sought: N/A

Consultation with Water and Waste Bureaus: Email messages were sent to representatives of the Waste and Water Bureaus on 3/26/07 to facilitate a compliance check. On 3/26/07 Peter Ploch and Martha Fraenkel sent replies stating that there were no issues with the Waste Bureau. Marla Butts sent a reply on 3/26/07 stating that there were no issues with the IWRD, and on 3/27/07 Melissa Blais sent an email stating that there were no issues with PERD.

Anticipated Controversy: None
